- > the upper age limit for application is 70 inclusive,
- > your policy is life-long: your cover does not stop when you reach a set age and you are insured for as long as you want.

### Example of premium calculation:

A 41-year old Italian applies for option 3 with an excess of €20 per item and for the "Permanent extension of medical cover to the country of nationality" option:

## 5 > INCOME PROTECTION

We will pay a daily benefit or a disability amount if you cannot work due to illness or accident. This cover ensures that you receive a determined part of your salary for a fixed period.

You can take out this cover only if you are already covered for death benefit under the policy. You are free to choose the level of daily benefit (between €20 and €200) on condition that the following rules are followed:

- > **the amount of daily benefit paid over one month must not exceed 100% of your net monthly salary (limited to 70% of your net monthly income if you started or took over a business within less than a year),**
- > **the amount of daily benefit selected depends on the level of death benefit selected: for example, for a daily benefit of €20 the death benefit selected must be at least €20,000.**

You must be in paid employment to benefit from sick leave cover.

### Daily benefit:

Daily benefit may be paid starting from the 31<sup>st</sup> day or the 61<sup>st</sup> day based on the option selected and for a maximum period of 3 years. The number of days paid per month is 30 days. Daily benefit cover applies from the 31<sup>st</sup> day or the 61<sup>st</sup> day of the exemption benefit: in case of financial difficulties caused by a leave of absence from work with the right to daily benefit, you receive free social protection cover. This benefit will stop when you reach the age of 65.

### Disability pension:

We will pay a long-term disability pension if you are disabled through illness or through an accident. The daily benefit is converted to an annual pension after a maximum of 3 years' payment of the daily benefit. The annual pension is paid once your condition has stabilised and until you reach retirement age, 65 at the latest. The amount of the annual pension is in proportion to the disability rate.

## HOW CAN WE HELP YOU?

### Practical examples to help you understand your cover

You have just arrived in France and are looking to buy a property. You have viewed some houses but feel a bit lost with the amount of paperwork required to finance your project. You are finding it particularly difficult to understand the legal terms used by your contacts at the bank.

**> With legal assistance cover, our team will talk you through the various steps involved in buying a property and provide support until the purchase is complete, making the whole process a lot easier to manage.**

An expatriate in Spain, you are delighted to learn that a baby is on the way. You would prefer to have your pre-natal care at home and are also planning to give birth in the UK to be near your parents.

**> With medical expenses cover, you can receive your care in the country of your choice and your maternity costs are covered in any country within the Europe-Mediterranean zone.**

Your child is on a day trip with the school he is attending during your time abroad. The children are visiting the historic centre of a village and are looking round a souvenir shop. Your child is pushed by another pupil and knocks over a shelf of handcrafted objects.

**> With personal liability cover (private capacity), the shop owner will receive compensation for the broken shelf and damaged items and you won't be out of pocket.**

You have just arrived in Germany and are looking for somewhere to live. You have found a flat in a great location. However, the lease agreement is in German and you are not familiar with legal terms in that language.

**> With legal assistance cover, simply ask us to arrange for your lease to be translated. In this way, you have a better understanding of the document and reassurance about what you are about to sign.**
